Israel's Policy of Forced Displacement: Bedouins in the Naqab/Negev

Wednesday, 26 June 2019

Adalah and the Negev Coexistence Forum (NCF) are pleased to invite you to participate in a tour of Bedouin villages in the Naqab/Negev in southern Israel, on **Wednesday, 26 June 2019**. This tour is organized specifically for international and development organizations.

The State of Israel is carrying out plans to forcibly transfer over **36,000 Bedouins in the Naqab**, who are citizens of Israel. The Bedouins in the Naqab are subjected to land dispossession, home demolitions, and denial of basic services to make way for new Jewish settlements, Israeli military zones, man-made forests, and more.

This tour will allow participants to witness Israel's displacement policies in the Naqab firsthand, speak with Bedouin citizens about their struggle, and **engage with fellow organizations** on strategies to defend Bedouin communities.

We would greatly appreciate a **kind contribution of NIS 50** to help cover the costs of the lunch, which will be prepared and hosted by a Bedouin family in Khašim Zannih.

Please RSVP to Shireen Zmorrod at shireen@adalah.org, or call at 04-950-1610.
